PROTECTIVE CLOTHING

During practice and racing riders must wear the following clothing and footwear:

1 A complete all in one leather suit of at least 1.2mm in thickness on all parts of the suit, suits

zipped together at the waist are permitted. Non-leather material may be used if it meets

with the following requirements.

2 The following characteristics of the material must be at least equivalent to 1.5mm of cowhide

(not split leather). Fire retardant quality – Resistance to abrasion – Coefficient of friction

against all types of asphalt – perspiration absorbing qualities – Medical test – non toxic and non

allergenic – Fabric of a quality that does not melt. It must be non-flammable.

3 The following areas must be padded with at least a double layer of leather or enclosed plastic

foam at least 8mm thick:

Shoulders, elbows, both sides of the torso and hip joint, the back of the torso, knees.

4 Competitors must wear complete undergarments if they use suits which are not lined. Suitable

undergarments may be of the Nomex type, they may also be of silk or simply cotton.

Synthetic

materials which may melt and which could harm the riders skin in an accident are not allowed,

neither for the suit nor for the undergarments.

5 Competitors footwear must be of leather or an approved substitute material and of a minimum

height of 200mm to provide, with the suit, complete protection (i.e. no exposed areas.)

6 Competitors must wear leather protective gloves.

7 The use of metallic material in any item of clothing or personal protection which regularly

comes into contact with the track is prohibited (i.e. metal studs in knee sliders, boots etc.).

8 A back protector is compulsory.

HELMETS

Helmets in sound condition and properly fitted must be worn by all riders while practising and racing.
